## THE ROOMS

### THE STUDIOS

Our 3 Studios are ideal for that off-the-grid business meeting or creative workshop. Each studio has its own distinct character and imaginative amenities to spark ideas and dialogue.

### THE GALLERY

A versatile multi-function space, light filled with floor-to ceiling glass doors that open out on to lush green views of The Terrace. It is perfect for small to mid-size events. Depending on room set up, it can be divided into two smaller rooms by a sound proof divider for greater flexibility.

### THE HUB

A relaxed public space with communal tables and comfy lounge chairs with good plugged-in connectivity and hi speed WIFI, it can serve as a mobile workstation, for informal meetings and breakout sessions. It also features a barista bar if you need a caffeine fix or a quick bite.

### THE TERRACE

Lush alfresco oasis that opens out from The Hub, designed for relaxation with a mixture of intimate lounge seating and communal sharing tables. It features an open bar and The Shack, a beer garden with a menu that is big on flavours served up from a cool custom-built container kitchen. Also accessible via a separate spiral staircase at street level.
